NOTICE

NOTICE TO ALL EMPLOYEES AND PUBLIC NOTICE OF INTENT TO FILE APPLICATION FOR PERMANENT ALIEN EMPLOYMENT CERTIFICATION

Pursuant to Section 20 CFR 656.20, you are hereby notified that an application for permanent alien employment certification is being filed for the following position:

The Department of Mathematics at the University of Kansas invites applications for a tenure-track faculty position in Computational Mathematics. Candidates must demonstrate an outstanding record of research and must be strongly committed to excellence in teaching. Requirements for the positions include a PhD or ABD in mathematics or a closely related field by the start date of the appointment. Job Duties: 40% RESEARCH: Tenure-track faculty are expected to develop and maintain an active research program which gains national recognition and is advanced substantially beyond the level of the Ph.D. thesis. It should provide solid evidence that the faculty member is a dedicated scholar whose research will continue to develop in depth and importance throughout his or her career. 40% TEACHING: The normal teaching load in the Department of Mathematics is three courses per year. All faculty are expected to be active in advising. Direction of Ph.D. dissertations is not ordinarily expected of non-tenured faculty. Such faculty do occasionally advise M.A. students’ work on their research components. All faculty are to take their teaching and advising responsibilities seriously and to strive for excellence in the classroom. 20% SERVICE: Tenure-track faculty are expected to participate in appropriate professional activities, such as attending department meetings, carrying out departmental committee assignments, attending national meetings or conferences, and refereeing or reviewing manuscripts for research journals and grant proposals. Service to the College and University is also expected.

Required Qualifications:
1. Ph.D. or ABD in Mathematics expected by the start date of appointment
2. Research area in computational mathematics
3. Commitment to excellence in teaching in mathematics as evidenced by teaching philosophy statement and/or reference letter on teaching
4. Commitment to excellence in research as evidenced by graduate coursework, dissertation research, publications, and/or externally funded research grants
